**CCPS Policy Information**

**Special Needs Children:** Each special needs child will be evaluated on an individual basis. The Director and Teachers will determine if CCPS has the ability to adequately meet both the child's needs and compliance with our insurance policy. CCPS therefore cannot guarantee enrollment of special needs children. We will, however, make every effort to accommodate them.

**Medications:** CCPS does not have the ability to administer medication. Please give your child all necessary meds before your child comes to school or when he/she gets home.

**Expulsion:** We are committed to working with the family of the child to avoid having to resort to expulsion. Measures will be taken to refocus/correct unacceptable behavior; parents will be informed of the school's concerns through a parent/Director conference. If these measures do not resolve the situation; if the child is at risk of causing serious injury to himself/herself or another child or the staff; if there is a failure to make tuition payments in a timely manner or if there is a failure to complete the required forms; then the child will be expelled.

**I have read and understand the policies of CCPS.**
