HOPEWELL NJ

Walking Trip Permission Slip

Field trips within Hopewell Borough are part of the curriculum at Creative Connections Play School (CCPS). They are limited to walks within the borough and surrounding neighborhoods and may include local businesses (firehouse, post office, library, shops and restaurants). Field trips are designed to enrich the curriculum and help us bring our ideas to life. This form requests permission for all of our walking trips throughout the school year.

Field trips outside the borough will require individual permission slips, motor transportation and sometimes entrance fees. The teachers will notify parents in advance of all field trips. Parents are responsible for transportation that requires a car. Motor transportation will not be provided by CCPS.

I give permission for my child, _____, to participate in walking trips within the borough of Hopewell. These trips may include entrance to local businesses as described above. I understand that the teachers will take all precautions to guard the safety of the students, but are not assuming any legal liability.
